

GESS-TC-184

Plug & Play EV charger with inbuilt BESS

Features

Power input option	63A industrial socket connection
Protection Level	IP54
Max Charging power	120kW /180kW (CHAdeMO:60kW, CCS2:120kW/180kW, AC:22kW)
Installation	Single person can install within 2 hours
BESS	184kWh Energy Storage
Credit Card Payment	Support
Backstage Monitoring	OCPP1.6 JSON support
Protection	Overvoltage protection, Undervoltage protection, Overload protection, Short-circuit protection, Leakage protection, Grounding protection, High temperature protection, Low temperature protection, Lightning protection safeguard
Standards	DIN70121, ISO15118, IEC61851-23, IEC61851-24, IEC 62752, IEC 61851-1, ISO/IEC 15118, JIS D 61851-23, CHAdeMO 2.0
